- **Create a wellness challenge connected to your participation in the Amcor Healthy Business Challenge.** For example: total up the number of steps from now until race day. Multiply the steps taken during their race to add to their total, grouping employees by the distance they have chosen. Announce the winning 'stepper' for each distance post-race.

- **Run a departmental challenge** for the highest percentage of employees from a department participating.
- **Host a race sign up day.** We'll come to your location to talk to employees and get them signed up.
- **Offer a perk for participating.** A water bottle or head/wristbands.
- **Design a custom t-shirt for your team.** Shirts distinguish your team members in training and on race day.
- **Have teammates make cheer signs for one another.** Post near their workstation.
